

Friends of Tomaree National Park

Protecting nature through community action

Bush and Beach – Native or Weed look-a-likes!

North Tomaree Bush & Coast Care Workshop

Join us to learn about:

- Tomaree's coastal dune, forest and wet gully ecology
- interesting features of some common natives
- easily-confused native and weed look-alikes
- some bush regeneration principals and minimal impact techniques.

When: Saturday 1 May. 8.30am start

Morning — hands-on activities, discussion and theory, finish 12.15pm

Afternoon — lunch and optional field reinforcement, finish 3pm.

Where: Fingal Beach SLSC for morning session. Afternoon nearby.

Who: Anyone interested in being involved in bush and coast care.

Facilitator: John Simpson, a keen bush regenerator and naturalist with a lifetime of experience and stories to tell.

Provided: Resources reinforce discussion and learning.

Morning tea, lunch for afternoon participants; please advise of special needs when booking.

RSVP: Please book early as numbers are limited, COVID restrictions apply.

Book by email to tomaree-np-friends@npansw.org.au

For more information email above or text Sue on 0488 440 733.

Related workshops: At Fishermans Bay, *Friends of Tomaree National Park* is also offering short morning workshops associated with each work bee from mid April to June. Enquiries above.

About Friends of Tomaree National Park

We are a community-based group of the National Parks Association of NSW dedicated to advancing the integrity of Tomaree National Park. We help manage significant weeds, support threatened species work, undertake wildlife surveys and like to enjoy ourselves.

Workbees are held mornings in North Tomaree 1st Tuesday, 2nd Saturday and 3rd Wednesday, and in Fishermans Bay 1st Saturday and 3rd Tuesday each month.

Activities within the park are with the support and oversight from the NSW National Parks and Wildlife Service.
