

EcoNetwork Port Stephens

Working towards a Sustainable Futures Festival

About EcoNetwork

We are a grassroots community-based environmental and sustainability network. Operating in Port Stephens since 1993, we comprise individual members and 26 community and environment groups and eco-businesses. We are non-party political. Our focus is on eco-living to develop sustainable neighbourhoods toward a sustainable future.

About Our Sustainable Futures Festival

Our Festival goal is to create positive change, with innovative and practical solutions for a sustainable and regenerative world, working in partnership with local communities, business and government.

Who is It for?	Local people from all walks of life — residents, body corporates, businesses, community groups, government workers — anyone who lives or works here!
When?	Sunday 21 st November 2021
